Zepol Corporation Releases “U.S. Import and Export Summary”

The top players and performers in the U.S. trade industry, January through July 2011

MINNEAPOLIS, October 3rd, 2011 — Zepol Corporation, the leading trade intelligence company, announced the release of a report today summarizing the U.S. trade industry thus far in 2011. The report provides detailed information on the top performing U.S. ports, carriers, consignees, and more. [Click this link to download the free report](#) or visit [www.zepol.com](#).

3 Key Insights Found in the Report:

1. The Port of Baltimore increased TEUs imported by 10% from last year, while the Port of Seattle saw a decrease of 13%.
2. Ranked second on our Master Carrier list, Mediterranean Shipping Company posted a 17% increase in TEUs shipped from last year, and is one of the few carriers that exhibited an increase.
3. The value of imports from Saudi Arabia rose 46% this year over last year, due to the increased price of oil.

“Our newest report provides a compelling view of the overall U.S. trade economy,” stated Paul Rasmussen, CEO & President of Zepol Corporation. “Readers will gain detailed insights into how the industry has changed from last year and where we are headed in the future, which is critical information for all trade professionals. Also included in the report is key U.S. import compliance information that all importers should be aware of.”

The information in this report was derived entirely from Zepol’s trade intelligence tools, TradeIQ™, TradeView™, and ComplianceMonitor™. Zepol’s tools meet the needs of all importers, suppliers, transportation companies, and government agencies. The tools are available for online access through a variety of subscription options at [www.zepol.com](#). To view more free trade reports from Zepol, [click here](#).
